

Sheridan announces creation of the Pilon School of Business

This past October HMC unveiled the Pilon School of Business in recognition of a \$2.5 million gift to Sheridan from Randy and Catherine Pilon. This is the largest personal donation to Sheridan in the college's history. Randy Pilon, CEO of Virox Technologies Inc. is a 1982 graduate of Sheridan's business program.

Pilon credits his time at the college with laying the foundation for his success in both the corporate world and later as an entrepreneur. Pilon hopes that the newly-named School will continue to build on its record of success: "I would love to see the Pilon School of Business become the go-to place for talent simply based on the quality of graduates it produces."

In September Sheridan's Pilon School of Business welcomed students to its five new Bachelor of Business Administration programs.

- Bachelor of Business Administration (Accounting)
- Bachelor of Business Administration (Finance)
- Bachelor of Business Administration (Human Resources Management)
- Bachelor of Business Administration (Marketing Management)
- Bachelor of Business Administration (Supply Chain Management)

Sheridan Breaks Ground at HMC

A groundbreaking ceremony was held on October 24th at the Hazel McCallion Campus (HMC) in Mississauga, marking the start of the campus' second phase expansion. The expansion will cover 220,000 square-feet, and has been designed to accommodate 3,200 new full time students, bringing the campus' capacity up to 5,500 students.

Scheduled for completion in the summer of 2016, the new facility will include faculty and administrative offices, as well as 29 new studios, labs and production spaces. There will also be a 'creative campus complex' consisting of a central learning and meeting area known as 'Creativity Commons', and even a gallery space devoted to student-submitted creations.
